

Invitation

Dear Sir or Madam:

Bayerische Medien Technik (bmt) invites you to attend a one-day:

TPEG-Seminar “Getting in touch with TPEG” on the 22nd of May 2019 in Munich.

TPEG is a protocol developed by the EBU in cooperation with the European Union. It was designed to broadcast digital traffic and travel information i. e. over DAB. The seminar is targeted at all engineering staff from the automobile industry, manufacturers of end-user devices, broadcast network providers, multiplexer manufacturers, service and program providers and representatives from the broadcast industry. It will be held in English. No previous experience with TPEG is required.

Experts from the bmt focus the seminar on the following topics:

- Introduction to TPEG Technology
- TPEG Specifications
- TPEG Reception in Theory and Hands-on Session
- TPEG Service Design in Theory and Hands-on Session

Bmt has been actively working on TPEG standardisation for more than 15 years and is a member of several TISA and Standards working groups.

You will find more details in the attached agenda. The admission fee is 780 EUR plus 19% VAT, this includes course materials and catering for the day.

Please note that there is a minimum and a maximum number of participants for the seminar (6 to 14). Therefore we reserve the right to cancel reservations due to under or overbooking.

Yours faithfully

Frank Strässle, bmt
Managing Director

PS: An Early Bird discount runs until the 21st of March 2019 reducing the cost by 100 EUR.
